## CAN YOU FEEL IT

Lyrics by Lisa Dawn Miller | Music by Mark Matson

---

There's a place  
Inside of me  
For dreamin' and believin'  
In that space  
I wanna be  
Where I can just be free

Feel the music beating in my heart  
Before I arrive  
From the moment when I dance the part  
I feel so alive!

LET'S DANCE!

Can you feel it?  
I can feel it NOW!!!

*Turn around  
Feel the sound  
Always find a way to dance somehow  
We can dream it all night  
And we'll feel it all night  
There is nothin'  
That can stop us now*

Can you feel it?  
I can feel it – today !!

LET'S DANCE!

Can you see  
It's in my eyes  
When I am on the dance floor  
There can be no compromise  
It's what I'm living for!

Say goodbye to any tears we've cried  
Let's all rise above  
Cause' the answer can be found inside  
This language of love

LET'S DANCE

Can you feel it?  
I can feel it NOW!

*Come with me  
We are free  
When we're dancin' we can fly away  
Feel the rhythm tonight  
We can live it tonight  
All the love is gonna come our way*

Can you feel it?  
I can feel it!

*Turn around  
Feel the sound  
Always find a way to dance somehow  
We will dream it all night  
And we'll feel it all night  
There is nothin' that can stop us now*

Can you feel it?  
I can feel it – Today!

LET'S DANCE

Get up on the dance floor  
When I dance I feel free  
Let me see you move

LET'S DANCE

Can you feel it?  
I can feel it NOW!

*Come with me  
We are free  
When we're dancin' we can fly away  
Feel the rhythm tonight  
We can live it tonight  
All the love is gonna come our way*

Can you feel it?  
I can feel it!
